1 The petitioner prays that the Succession Certificate granted by the Mysore State Courts may be counter-signed by the Resident. It appears to be a clear proposition of law that Certificates granted by Mysore Courts (under the Mysore Succession Certificate Regulation) have legal force only in Mysore and cannot be operative in British India. The Resident's counter-signature of such Certificates does not invest them with any additional force or value so far as their validity in British India is concerned. Please see para 44 of (M) notes on F. No. 365-1932.

2 It is argued in para 4 of the petition that the right of the petitioner has been adjudicated upon by the Court of the deceased's domicil. These considerations and this legal position regarding the forum for the application for a certificate apply only when the debts are realisable in Mysore. To provide for the collection of debts realisable in British India by residents of Indian States, a special provision has been made in the Succession Act - section 382, and this over-rides the provisions regarding the ordinary place of residence of the deceased embodied in section 371. Hence the only course open to the petitioner is to obtain a Certificate from the Resident under section 382 on payment of fresh Court fee as provided by the British Indian Court Fees Act.

3 Presumably by para 5 is meant that a Certificate should be issued on payment of Court fees without ordering compliance with any formalities laid down by law. Even this will not be possible. Please see section 373(1) of the Succession Act. A day will have to be fixed for the hearing of the application, and notice thereof will have to be posted on the Court Notice Board. Perhaps special notice to any relations under clause (a) and publication in any "other manner", namely,

namely in the Residency Orders may be dispensed with.

4 If these views are accepted, the Advocate will be called upon to pay Court fees and process for Notice on Court Notice Board.

5 Submitted for orders.
